INTRODUCTION.

THE work is divided into Sections alphabetically and numerically placed, with appropriate designations according to the general subjects created of in each, and subdivided into numerous heads, also alphabetically arranged, indicating the detail of matter comprised therein ; but in cases where the immediate insertion of the relative substance would have caused repetition, it has been avoided, and reference made to such other heads or sections as contain the information. The plan observed in its preparation and arrangement has been adopted with the twofold object of facilitating reference, and by omitting all official preamble, repetition and explanatory detail, only requisite on the first introduction of the various rules, to compress into its present limits the voluminous matter contained in the authorities forming its groundwork ; in effecting which, the former diction has in many instances been pruned of its superfluities, and where alterations of sentences of apparently ambiguous expression was suggested by the result of practical working, a more definite construction has been adopted, with scrupulous adherence to the true spirit and intent of the original. Thus while the

size of the volume is materially reduced, it is confidently hoped the hand of retrenchment has been judiciously applied, and that in aiming at conciseness perspicuity has not been lost sight of.

Tables exhibiting the Establishment, Pay and Allowances of the different Arms and Classes, and of Staff salaries and allowances, are attached to their relative sections; and full explanation of the circumstances under which particular allowances are authorized will be found throughout the work,—together with the principles observed in calculating those for broken periods, which are however minutely exhibited in a comprehensive set of Pay Tables published about the same period as the work, forming a useful, if not an indispensable accompaniment to it.

The subjoined “ Appendix” comprises alterations and additions made during the progress of the work through the Press.

To ensure a due comprehension of the plan of this work, attention is requested to the following *Explanation of Abbreviations and mode of Reference* used throughout.

II. M.'s—Her Majesty's.

p.—Paragraph.

pp.—Paragraphs.

When reference is made to any particular head without notifying the Section, it will be understood to apply to the Section in which it is made. Thus, in page 1 head "*Division Leave*," the reference to "*Private affairs*" p. 2, applies to p. 2 of head "*Private affairs*" in Section 1st.

When reference is made to more than one head in the same Section a Comma (,) or dash (—) marks the distinction between the heads, and a period (.) concludes the references in each Section. Thus, in page 2 head "*Eastern Settlements*," reference is made to "*Furlough*" p. 5—" *Medical Certificate*" p. 7. And p. 2 "*Lodging Money*" Section 19th. The heads "*Furlough*" and "*Medical Certificate*" are made distinct by a dash (—), and the period (.) following, denotes the conclusion of those references in that Section, which not being specified, is understood to apply to Section 1st. The reference to p. 2 "*Lodging Money*" Section 19th, alludes of course to paragraph 2 of *that head* in the said Section.

sidency, who, on receiving such, will take the necessary steps towards recovering the amount of any Objectionable charges or Retrenchments, and on adjustment, will grant certificates of "Pay" and of "No demands," which will be presented by the party to whom granted, to the Accountant General, on which that functionary will grant final certificates of "Pay," and of "No demands," the latter of which will be delivered to the Adjutant General, with information of the route or name of the Ship by which the party is proceeding, in order that it may be submitted to Government, and the requisite Certificate of permission obtained (vide para. 19.) *When proceeding direct from out-stations*, the request for communication to the Presidency Paymaster will be omitted, in which case the Audit will be transmitted to the Paymaster applying for the same, who on receiving it, and obtaining adjustment if requisite, will grant the necessary certificates, which will then be forwarded by the party to whom granted, to the Accountant General with a request to be furnished with a final certificate of "Pay," and that one of "No demands" may be passed on to the Adjutant General, who will take the usual steps for procuring from the Military Secretary to Government a certificate of permission, and transmit the same to the party concerned. date of ceasing to perform their Regimental or Staff duties, beyond which period they will be entitled to Pay only, unless sanctioned by Government, on application explaining the cause of detention. 10. Officers dying while Absent on leave from their Presidency within the prescribed limits, (vide "*Limits*" p. 1) are placed on the same footing, with regard to their Allowances, as those who return to their Presidency at the expiration of their leave ; and Officers returning from Sea without having availed themselves of the Furlough to Europe they had obtained on Medical certificate, or Private affairs, are entitled to the same Pay and Allowances as would have been passed to them had their leave of absence been specifically to Sea.

11. Officers absent in Europe on Furlough or Medical certificate, are entitled to Pay at the following rates per diem, commencing on the 1st of the month following that of embarkation.

Vide "*Forfeiture,*"—and pp. 4 and 5 "*Medical certificate.*"

16. Furlough Pay in England will not be issued for any period in excess of two years and a half from the commencement of their Furlough, notwithstanding any extension of Leave be granted to the Officer at Home, whether on Furlough or Medical certificate; the remaining half year's Pay, if required, will be advanced to him on his taking his passage to return to his duty. LIMITS.—1. The benefit of Indian allowances, and of Service (vide p. 8 "*Retirement*" Section 11th) to Officers absent within the "*limits of India*" or of the Company's Charter, is considered to extend to those at, and to the eastward of the Cape of Good Hope, St. Helena, Egypt and the Mauritius.

2. The "*Limits of this Presidency*" are considered to embrace all places subject to the jurisdiction of this Government. When a Post or settlement not subject to the jurisdiction of this Government, is occupied by Madras Troops, an Officer will be entitled to the same privilege from the date of joining his Corps at such a Post or settlement, as if he had arrived within the limits of this Presidency on that date. The same rule will apply to an Officer belonging to a Regiment similarly situated who proceeds direct from the station at which he may be serving, to Sea, or Europe.

ABSENCE.

MEDICAL CERTIFICATE.—1. Leave of absence on Medical certificate *within* the limits of the Presidency is granted by the Commander-in-Chief to all Officers excepting those in the Civil branch of the Army ; to Sea, or *beyond* the limits of the Presidency, by the Governor in Council ; on the prescribed certificates. To Military Officers in the Civil branch of the Army, leave on Medical certificate whether within or beyond the limits of the Presidency is granted by the Governor in Council.

2. Officers whose ill health renders a return to Europe indispensably necessary for their recovery, are permitted to proceed without restriction as to number, their applications being accompanied by the prescribed Medical certificates. Pay in such cases is the same as to Officers on Furlough (vide "*Furlough*" p. 11), and subject to a restriction of three years consecutively, is payable on each occasion of return to Europe on Medical certificate.

Vide "*Furlough*" pp. 4 to 19.—Also p. 1 "*Passage Money*" Section 19th.—For "*Warrant Officers*" vide *that head* p. 1.

3. Officers absent on Medical certificate within the limits of this Presidency, are restricted in drawing Pay and Regimental Allowances, to a period of *two years*, beyond which they will on no account be entitled to more than Subsistence or Pay proper of their rank.

N. B.—Officers of the Invalid establishment, who shall have obtained leave of Absence from their Corps on Medical certificate, and from debility, wounds or extreme ill health, are unable to return to their duty at the expiration of absence as above, shall, on the production of a Medical certificate to that effect, be exempted from the provisions of this rule, and the leave granted, if stated to be "*till further orders*," will be considered sufficient authority for the disbursement of their Regimental allowances.

ABSENCE.

4. Officers absent on Medical certificate, beyond the limits of this Presidency, if at, or to the eastward of the Cape of Good Hope, the Mauritius, St. Helena, or Egypt, are entitled to Pay and Regimental Allowances, for a period not exceeding *two years* from the time of quitting their Corps or Station, till date of return, exclusive of leave according to distance for the period requisite for reaching the Presidency, or any nearer seaport within the limits of this Presidency, for the purpose of embarkation when proceeding to Sea, and again for rejoining on their return from Sea, (vide p. 5). But if Officers proceed or return to a port further from their Stations than the Presidency, allowances in excess of two years will be limited to a period according to distance between the Presidency and such Stations.

5. Officers whose absence on Medical certificate beyond the limits of this Presidency, shall *exceed two years*, calculated from date of embarkation, shall be considered on Furlough, as if they had proceeded direct to Europe, and only entitled to the Furlough rate of Pay (vide pp. 6, 7, 8 "*Furlough*") ; unless proved to the satisfaction of Government, that no opportunity offered for their returning, or embarking on their return, from the Colony or settlement at which they resided, at any time within three months previous to the expiration of an absence of two years, or between that and the date of embarkation ; in which case an extension of leave granted retrospectively in General Orders will relieve them from the operation of this order : but under no circumstances shall Indian allowances be passed for a greater period than two years, from the time of quitting the corps or station and the additional time specified in para. 4. Consequently when this period has expired, an Officer cannot avail himself of the month's leave, authorized in p. 15 "*Furlough*" without prejudice to his Regimental allowances.

N. B.—Officers absent at any of the Colonies who may require an extension of leave, will prefer their application for the same to the Court of Directors in sufficient time to admit of their receiving a reply by the period when they should embark on their return, so as to ensure their arrival within the original term of furlough: if the application is preferred on account of ill health, it should be supported by certificates from the Medical Staff Officers, or other undoubted Medical testimony on the spot, shewing that the applicants are then incapable from ill health, to return to the performance of Military duty in India and specifying the term for which they consider additional leave absolutely necessary for the recovery of the applicant's health: if the application is preferred on the ground of urgent Private affairs, the nature of those affairs should be specified, and the necessity for continued absence certified by the professional adviser on the spot.

6. Officers returning from Furlough, officers of H. Majesty's service proceeding to join their Corps, and Cadets or Assistant and Veterinary Surgeons on their passage from England, if detained by extreme sickness at an Indian port, or compelled by sickness to return to England previous to their arrival at this Presidency; shall be entitled to the same Rank, Standing, Pay and Allowances, and Passage money, as their actual arrival at this Presidency would have entitled them, to be reckoned from the time at which under other circumstances they would probably have reached the Presidency.

7. Officers serving in the Eastern settlements, who may proceed to Calcutta for the purpose of embarking for Europe on Medical certificate, are entitled to Pay and Regimental allowances up to the date of their departure from those settlements only, except when in cases of certified sickness a passage direct from the Eastern settlements to Madras could not be procured, of which a

ABSENCE.

Certificate from the chief Civil or Military authority will be required. Vide "*Furlough*" p. 5.

8. Abstract to be supported by an extract of such sanction or authority.

4. To obviate the difficulties that may arise to Paymasters issuing pay to Officers *Absent without leave*, thereby subjecting themselves to retrenchment. ABSTRACTS AND MUSTER ROLLS.

4. The statements of forms thus supplied will be checked by accounts kept in the Military Auditor General's department.

GENERAL OFFICERS.—Vide "*Staff*" pp. 1 and 2.

GENERAL RULES.—1. Abstracts for Pay and Regimental allowances will be drawn in their consolidated form, whether at a full or half batta station, and distinct from field abstracts, which will be used when in the field only, (vide "*Field*.")

Vide "*Muster Rolls*."

2. In calculating Pay and allowances, no double charge must be made,—a party promoted by casualty draws the superior rate from the day following inclusive. If the sum required be for a broken period, the consolidated monthly allowance will be divided by 28, 29, 30, or 31, according to the number of days in the month, and the dividend multiplied by the actual number of days served, or composing the broken period. Vide "*Promotion*" Section 15th.

3. Pay and allowances for broken periods of the month, consequent on casualties, may be drawn in the regular abstracts.

4. Memoranda of all vouchers (vide "*Vouchers*") which accompany Abstracts, and of stoppages of every description made from the amount, shall be inserted on back of the Abstract,—the aggregate amount of stoppages deducted from the total of Abstracts,—and the receipt given for the actual sum to be received.

5. The total of Abstracts or Bills will be stated in figures, and receipts for the same written in words at length,—any erasure or alteration therein will render the document inadmissible. Under such circumstances however, when sufficient space may remain for a fresh receipt, or that it can be written on the face of the Abstract, so as not to interfere with the columns of figures,

ABSTRACTS AND MUSTER ROLLS.

and without rendering any part illegible, the former receipt may be obliterated and a correct one written.

6. Abstracts of Corps, Departments, &c. at Pay stations, will be forwarded to Paymasters direct by the parties drawing,—excepting those of Corps, which will be forwarded in a collected state, by the Commanding Officer, on, or as soon after, the first of each month as practicable ; they will be examined in order of receipt, and disbursed in like manner to the drawing Officers, or others duly empowered by them with written authority to receive the amount, on particular days to be specified for the different Corps, Departments, &c. in Station orders.

7. 9. If the money be forwarded to out-stations by Officers in charge of Civil treasuries, in payment of drafts on them in favor of Commanding or Staff officers, and duly received by the parties, they will pass a receipt for the amount on the back of the draft, and return it to the person presenting it. Staff or Commanding officers will issue the amount to those concerned, who will attach their signatures to the Paymaster's list, opposite to the respective sums drawn by each, in testimony of their having received the amount. The Commanding or Staff officer will finally attach his countersignature to the list and return it to the Paymaster, in whose office it shall remain as a record. .

10. At a station where there is no Paymaster, but where circumstances render it expedient to have a public Cash Chest for the convenience of the troops, Abstracts will be forwarded as directed in para. 7, and a receipt for their amount sent to the officer in charge of the Cash chest, who will disburse the same, pending adjustment by the Paymaster of that range. Commanding and Staff officers will be held personally responsible, for not taking up more cash on receipt than the Abstracts amount to. At the Eastern settlements, Abstracts will be adjusted in like manner, with the exception that their amount will be taken up on receipt from the Civil treasury, and the Abstracts forwarded by the Officers commanding at Penang, Singapore, and Malacca, respectively, to the Paymaster Presidency, and take their course of Audit on the responsibility of the drawing Officers. 3. Abstracts not submitted at the proper periods, will require special explanation previous to being passed at a future period,—and after a lapse of twelve months will be entirely rejected.

4. When the allowance is drawn for casualties which may have occurred during the march of a Corps to its station, it shall be refunded to the Paymaster of the new station, whose receipt for the same will be transmitted by the Commanding officer of the Corps to the Quarter Master General of the Army, for deposit in his office.

SECTION 5TH.

BATTA.

ABSENCE.—1. A European officer absent on Private affairs, or on Medical certificate, from a station where his Corps or Department, is in receipt of Full batta, is entitled to the same, in like manner with other allowances, for the prescribed periods. (Vide p. 3 “*Private affairs*,” and pp. 3, 4 and 5 “*Medical certificate*” Section 1st.) If in the interim however, it be removed to a station at Half batta distance, he will be entitled to a continuation of Full batta to the date only of its arrival, or the arrival of any part thereof, at such station, and subsequently when proceeding to join, as in p. 2. Vide p. 3 “*Removal or Transfer*.”

2. A European officer absent on Private affairs or Medical certificate from his Corps or Department on Full batta, and while so absent appointed or removed to a Corps or Department on Half batta, ceases to draw the former allowance from date of removal, but will again be entitled to it for travelling to join, limited to a period according to distance between the place where he was on leave and that to which he is ordered. Vide “*Movement*” p. 1,—and “*Removal or Transfer*” p. 1.

3. An officer, whose Corps during his absence on leave is removed from a Half to a Full batta station, is entitled to Full batta from date of its departure for the new station. Vide N. B. to para. 1 “*Movement*.”

BATTA.

4. Regimental Colonels are in all situations of authorized absence in India, entitled to Full batta.

5. Staff officers who in virtue of their permanent appointments, draw Full batta independent of locality, (vide "*Full batta*" p. 4) or whose consolidated salaries include that allowance (vide *Table* annexed to Section 21st); are entitled to a continuance of Full batta when absent on Duty, or on Private affairs or Medical certificate within the prescribed periods. But to entitle Staff officers to Full batta during absence, they must have previously joined or taken up their appointment, whether that allowance be drawn in virtue thereof or of locality. Those officiating in their stead are not entitled to Full batta in virtue of appointment. Vide p. 1 "*Duty*."

6. European officers returning to Europe on Furlough, or Medical certificate, are entitled to Batta of their Corps or Station until date of dispatch of the vessel whereon they embark, subject to the same restriction as applies to other allowances in similar cases (vide p. 6 "*Furlough*" Section 1st.) On arrival or return therefrom, they are entitled to the same batta as their Corps may be in receipt of.

7. European Commissioned and Non-commissioned officers, Privates and others, unavoidably left sick on the march of a Corps, from a Full to a Half batta station, are entitled to a continuation of Field rates of pay, so long as their inability to join their Corps shall be certified by the Senior Medical authority on the spot, whose certificate in all such cases is to accompany the Abstract for Field rates of pay drawn under these circumstances; and when travelling to rejoin either from a Half or Full batta Station, where they may have been so left, Field rates of pay, limited to a period according to distance, is authorized. Vide p. 3 "*Movement*."

BATTA.

8. To European officers absent on Medical certificate or Private affairs, and whose Corps or Departments may in the interim be removed to other Stations, Batta for travelling to rejoin will be regulated according to the principle in p. 2, with reference to p. 1 "*Full Batta*,"—and p. 6 "*Travelling*."

9. European Non-commissioned officers and Privates belonging to Corps or Departments at stations where the European Troops are in receipt of Full batta, or Field rates of pay, are, when permitted to proceed on Medical certificate or Private affairs to any particular station, entitled during absence, to Field rates of Pay, and Rations or Compensation in lieu, or to Batta (full or half,) as when present with their Corps or Departments. Abstracts to be supported by a copy of the order granting such permission.

Vide "*Sick*," p. 2.

10. The Batta of Regimental European Commissioned officers of Artillery and Sappers and Miners, during temporary absence is regulated with reference to the locality of the Troop or Company to which they stand posted, provided they had actually joined.

Vide N. B. to p. 3 "*Duty*."

BODY GUARD.—The Native Commissioned, Non-commissioned and Privates of the Governor's Body Guard, enlisted, or transferred from the Recruit establishment, subsequent to 30th April 1837, are in all situations entitled to Full batta in lieu of the *Additional Allowance* heretofore granted. Vide p. 4 of *this head* Section 5th.

COURTS-MARTIAL AND OTHER COURTS.—1. Commissioned officers who may be called from their Corps or Departments at half batta stations, to sit as Members or to give evidence at Courts-Martial, Courts of Enquiry, Committees, or Criminal or Judicial Courts, at other stations, will be entitled to full batta for the journey, (vide p. 6 "*Travelling*"),

RETURN:

and afterwards until the date of relief, dissolution of the Court; or completion of the Duty; and when returning to join, according to distance. Vide p. 5.

2. Claims to Batta for any period during the sitting of the Court, will be adjusted as they become due on the first of each month, supported by a certificate from the President in the case of a Member of the Court, and of the Deputy Judge Advocate in the case of a Witness. Claims to Batta for the period anterior to the Court's assembly, will be supported, by a certificate of departure from Corps or Station.

FORM OF CERTIFICATE FOR A MEMBER.

I certify that Captain A. B. of the ——— Regiment, a Member of the General Court Martial assembled at ——— on the ——— and of which I was President, was employed on that duty from ——— to ——— inclusive. The final certificate will have further added to it, "on which latter date the Court was dissolved in orders at this Station."

(Station and date.)

*C. D. Lieut.-Colonel,
President.*

FORM OF CERTIFICATE FOR A WITNESS.

I certify that ——— of the ——— Regiment, was summoned to attend the Court-Martial assembled at ——— on the ——— as an evidence, that he was not summoned unnecessarily and that he was detained in attendance as a Witness from ——— to ——— inclusive.

(Station and date.) E. F. Captain,

Deputy Judge Advocate.

N. B.—If summoned unnecessarily the certificate will be modified, and the name of the individual at whose instance summoned will be specified. (Vide p. 4.)

3. The attendance of a Witness can only extend at farthest to the close of the Proceedings, although that of a Member may be required to the final dissolution of the Court.

BATTA.

4. The Batta of Witnesses summoned unnecessarily will be disbursed to them by the Pay department, and the amount will be recovered from the individuals at whose instance they attend.

Vide "*Court-Martial allowance*" Section 10th.

5. Officers ordered on Court-Martial duty from Full batta stations, are entitled to a continuance of Full batta, until completion of the duty. Vide "*Travelling*" p. 6.—Also p. 4 "*duty*" Section 1st.

6. An officer placed on Court-Martial duty at a Half batta station, from which his Corps is about to march, is entitled to Full batta for the period he may remain on that duty subsequent to the departure of his Regiment from the place ; but no Officer resident either permanently or on leave, at a station where the Court may sit, shall be entitled to Full batta in virtue of employment on that duty, either as a Member or Witness ; without prejudice however to Full batta in virtue of locality of Corps.

Vide "*Judge Advocates.*"

7. Native Commissioned and European and Native Warrant and Non-commissioned officers, Privates, and others who may be required to give evidence before (or in case of Commissioned officers to sit as Members on), Courts-Martial, will be entitled to Batta in like manner as European Commissioned officers.

8. Officers in receipt of Full batta, who may be placed under arrest and ordered to a Half batta station to take their trial by Court-Martial, shall be permitted to draw Full batta according to distance, for proceeding to such Station, and for returning when ordered to rejoin their Corps or Department. If acquitted of the charges, they shall be permitted to draw Full batta for the period of their detention on the trial.

9. Officers, Non-commissioned officers and others, ordered from Half batta Stations, to be

BATTA.

tried by Court-Martial, shall, if acquitted, but not otherwise, be entitled to Full batta, or Field rates of pay for proceeding to the Station where the Court assembles, and for returning to join, as also for the period of detention.

10. Native Troops proceeding to, in attendance on, and returning from Zillah or other Courts of Justice as Witnesses on Criminal trials, are entitled to Full batta, on production of a certificate from the authorities by whom summoned of their having been so employed and for what period.

Vide "*Court-martial allowance*" Section 10th.

DISTANCE.—1. A day's journey is reckoned at ten miles, and the term of "*Batta according to distance*," implies one day's "*Full Batta*" for every ten miles of distance by route between any two stations. Should the aggregate number of miles when divided by ten, leave a remainder amounting to not less than five, one day's Batta is authorized to be drawn on that account. Sundays in excess of the above period, although admitted without prejudice to Pay and Regimental allowances, give no claim to Travelling batta.

2. When a journey for which Batta is claimable according to distance exceeds the regulated time, it subjects the party to a forfeiture of Batta for the whole, or so much of the distance, in proportion as the regulated time shall have been exceeded. That is to say, if a 20 day's journey occupy 40 days (exclusive of Sundays) the whole Batta will be forfeited,—if 30 days, then Batta will be claimable for only 10 days.

Vide "*Travelling*" p. 5,—"*Full batta*" pp. 1, 2 and 3.—Also "*Distance*" Section 1st.

DRY BATTA.—1. Is an allowance at the rate of 2 Annas and 10 Pice per diem, granted in lieu of provisions when the prescribed rations are not supplied by the Commissariat, to European Troops of the Non-commissioned and inferior grades. Vide p. 2 "*Rations*" Section 15th.

BATTA.

2. On H. Majesty's Birth day, New Year's day, and generally on all recognized occasions of public rejoicing, Natives and Indo-Britons of the effective and Non-effective commissioned, Non-commissioned, and inferior grades, with the exception of Recruit and Pension Boys, Conicopolies, Medical Subordinates, Store, Tent and Regimental Lascars, Artificers, Horse-keepers, Grass-cutters, and Bazaar Establishments in general; shall receive Dry batta at the rates of Batta of their respective grades.

For *Carnatic Ordnance Artificers* and *Furriers* attached to Native Troops, vide p. 1 "*Wet Batta*."

DUTY.—1. European Commissioned officers absent from Full batta stations on temporary Staff or other duty at Half batta stations, receive Full batta, in continuation for the period employed thereon, and when returning to join,—except in the case of Officers officiating on *full vacancies*, in Staff appointments to which Full batta does not attach, who forfeit Batta for the period during which Full salary is drawn. Vide "*Full vacancy*" Section 21st.

2. Officers and others detached from Half batta stations, on temporary duty for which they receive no superior allowances, are entitled to Full batta.

3. European Commissioned officers detached regimentally on command duty from their Corps at Full batta stations, to fixed posts within the regulated distance of 200 miles from the Presidency, are entitled to Full batta in continuation; but when so detached from one half batta station to another, they will not be entitled to Full batta unless the party with which they are detached be entitled to that allowance.

N. B.—This rule is not applicable to the Artillery and Sappers and Miners, the Brigades or Battalions of which are seldom in a combined state, but have their Troops and Companies necessarily and permanently detached,—in consequence of which their Batta is regulated by the locality

BATTA.

of their Troop or Company, and not by that of the Head Quarters of their Regiment or Battalion.

Vide p. 10 "*Absence.*"

4. Native Troops detached from their Stations to out posts or other fixed Stations on duty of a temporary nature *in duration less than two months*, are entitled to Full batta. It being further understood, that duty which requires a party constantly for its performance, however frequently relieved, cannot be considered temporary, nor is Batta at any fixed station to be continued beyond two months, except under the provision of p. 2 "*Field service.*"

5. Officers belonging to Corps ordered to the Field, who do not accompany their Corps, but are left on duty at Half batta stations, are not entitled to Full batta in virtue of their Corps.

6. The Adjutant General of the Army, Quarter Master General of the Army, and Commissary General, are on all occasions of absence on duty from the Presidency, entitled to Full batta without any deduction, in addition to Subsistence or Pay proper and Consolidated salary.

ENCAMPMENT.—1. Troops encamped in the vicinity of any Garrison or Cantonment other than that to which they belong, are entitled to Full batta or Field rates of pay. Vide p. 4 "*Duty.*"

2. To Troops arriving at fixed Stations, or encamping near Cantonments, which they are to occupy, discontinuance of Full batta will depend upon discharge of the Public Field establishments, for retention of which longer than actually necessary, Commanding officers will be held strictly responsible to Government, and should detention beyond three days occur, an explanation of the cause thereof will be communicated by the Quarter Master General of the Army, to the Military Auditor General, to obviate retrenchment.

BATTA

3. Troops encamped at Stations intended as permanent, where public buildings are to be erected, are entitled to Full batta, or Field rates of pay, until date of receipt of the order directing construction thereof, of which a report will be made by the Quarter Master General of the Army, to the Military Auditor General; but if at such Stations it be intended they shall remain, not less than two months—to be in like manner reported—Batta or Field rates of pay shall cease at the expiration of three days.

Escorts.—1. Officers in command of Resident's Escorts are entitled to full batta.

2. Details of Native Cavalry composing the Escort of His Excellency the Commander-in-chief, are entitled to Full batta, during period of employment on that duty.

3. Escorts of General officers accompanying them on Tours of Review or Inspection, are entitled to Full batta during such periods.

4. Treasure or other *authorized* Escorts are entitled to Full batta for the actual period of employment, including detention for receiving and making over coin, &c.; where such exceeds three days, a certificate of detention noting the circumstance, must be produced in support of the charge. In returning to join, the party if under 12 in number will be restricted to Batta according to distance, except in cases of unavoidable detention, the cause of which must be fully explained in a certificate by the drawing officer. The Batta, of more considerable Detachments, will be regulated by the Quarter Master General's reports.

N. B.—To unauthorized Escorts, such as those detached, not on the public service, the usual batta will be disbursed, but recovered from the officer by whose order the party was detached.

BATTA.

5. Troops composing the Escorts of Residents or detached on Revenue or Judicial duty, are entitled to Full batta for periods of movement including all halts, made by the authorities at whose request they are employed, by whom the periods will be certified.

6. Warrant and Non-commissioned officers and Store Lascars escorting Military Stores from one station to another, are entitled to Full batta, or Field rates of pay for the actual period of movement, including three days for the actual delivery or receiving of Stores; and for any requisite number of days beyond that period, on the necessity of such detention being certified by the Officer commanding the Station.

EXTRA ESTABLISHMENTS.—Batta for Extra establishments entertained preparatory to marching or proceeding on Field service, will be drawn during the same periods as for the Troops. Vide p. 2 "*Field service*"—and "*Movement*" p. 1—Also pp. 1 and 5 of *this head* Section 13th.

FIELD SERVICE.—1. All Troops, Public cattle Attendants, and Corps of Dooley Bearers on Field or Foreign service, are entitled to Full batta, or Field rates of pay.

N. B.—Field service is intended to apply to all situations where Corps or Detachments immediately after, and in consequence of actual Field service are temporarily posted or encamped at places, not considered as permanent Stations, and consequently entitling the parties to retain their Field establishments. Vide p. 3 "*Encampment*."

2. Troops ordered to hold themselves in readiness to proceed at the shortest notice on Field or Foreign service, are entitled to Full batta or Field rates of pay, from the date on which such order is delivered to them, even should they not ultimately march on the service for which warned; on returning to Cantonments they will be entitled to Batta or Field rates of pay for three days subsequent thereto.—The circumstance of warning and of can-

BATTA.

cellation thereof, when such takes place, to be reported by the Quarter Master General of the Army, to the Military Auditor General, or if for Ordnance Lascars or Commissariat Followers it will be reported by the Military Board and Commissary General respectively.

3. Field rates of Pay to European Non-commissioned and inferior grades include Full batta.

FORCED MARCHES.—Troops proceeding from one station to another by forced marches under competent local authority, to be reported to the Audit department by the Quarter Master General of the Army, are, when by the nature of the service they are not entitled to Full batta or Field rates of pay in continuation, entitled to Battā or Field rates of pay according to distance.

Vide “*Full batta*” p. 1,—and “*Travelling*” p. 5.

FOREIGN SERVICE.—Vide “*Field service*” p. 2,—“*Full batta*,” p. 2.

FULL BATTA.—1. Is a consolidated monthly Allowance (originally a daily one) and a component part of consolidated Pay and “Full Regimental allowances.” It is the highest rate of Battā granted in any situation whatever, i. e. no more than Full, or twice Half battā, can be drawn for one and the same period. It is always drawn according to Regimental rank, but not for any period for which House rent may be claimable. Therefore when an Officer who is in receipt of Pay and Ordinary Regimental allowances (which includes “House rent” and “Half battā”) becomes temporarily entitled to Full battā under any of these regulations, he will draw the “Difference between Full and Half battā, deducting House rent.”

Vide p. 2,—and *Table* annexed to this Section.

2. European Commissioned and Warrant Officers, Non-commissioned and inferior grades situated beyond 200 miles of direct distance from the Presidency, whether with their Corps, on Staff employment, or

2. Local Major Generals of H. Majesty's service who prefer remaining in India in expectation of succeeding by seniority to Brigade Commands, may do so, selecting their residencies within the Presidency in which their Regiments are serving, and receiving the Pay and Full batta of their Regimental rank.

BATTA.

GUIDES.—Full batta to the Corps of Guides is restricted to periods of marching or taking routes and such other occasions as when Native Troops receive “Full batta.”

JUDGE ADVOCATES.—Officers officiating as Judge Advocates at General or other Courts-martial, held under a warrant from His Excellency the Commander-in-chief, are entitled to Full batta during the actual sitting of such Courts, to be certified by the Commanding or Public Staff officer of the Station.

MOVEMENT.—1. Officers and Men are entitled to Batta or Field rates of pay for three days before the date of actual march for general or partial reliefs of a final nature, i. e. when it is intended they shall not return to the Station from which they move;—encampment in the vicinity of a Cantonment for any prior period, does not entitle to Batta or Field rates of pay nor to Field Establishments; they are in like manner, entitled to Batta or Field rates of pay for three days after such movements on arrival at their Station, but not before or after moving from Posts or Cantonments for Command, Escort, periodical Relief, or other temporary or ordinary duty, when it is intended they shall return to the Station from which detached, in which cases Batta or Field rates of pay will commence from date of actual march.

N. B.—Officers who do not accompany their Corps, but who subsequently proceed to join, consequent on reliefs of a final nature, are entitled to participate in the benefits of this regulation.

2. Corps or Detachments proceeding from one station to another by land or sea for the purpose of relief or other duty, and in general all Troops in movement, excepting such as are otherwise provided for (vide “*Escorts*,”—“*Forced marches*”) are entitled to Batta or Field rates of pay, according to the period of their journey

BATTA.

as notified by the Quarter Master General, to the Military Auditor General.

3. European and Native commissioned and Non-commissioned officers, Rank and File, effective and non-effective, proceeding singly or in small parties, not amounting to twelve, on duty, not involving charge of Treasure, Stores or other public property, are restricted to Batta according to distance, except in cases of unavoidable detention, the cause of which must be fully explained on a certificate by the Drawing officer.

Vide "*Escorts*,"—"Forced Marches,"—"Travelling."

NON-COMMISSIONED STAFF.—European Non-Commissioned Staff attached to Departments, Garrisons, or to Native corps, are prohibited from drawing rations in kind from the Commissariat. Their batta, full or half according to locality, will be drawn, when they are not in Hospital, in the same Abstract in which their monthly pay is drawn, and no charge for rations, extra batta, or drams, will be allowed for Europeans for whom batta is thus authorized to be drawn on Abstract. The rates are Rupees 10 and 5 respectively, but a portion of the amount viz. Rs. 3 : 2 : 8 at full batta stations, and Rs. 1 : 9 : 4 at half batta stations being included in their pay as compensation for spirit rations, the residue only will be drawn in addition, which for those on Full batta will be Rs. 6 : 13 : 4 and for those on Half batta Rs. 3 : 6 : 8 per mensem.

BATTA.

Vide "*Full Batta*," p. 5.

REMOVAL OR TRANSFER.—1. An Officer removed from one Corps, Department or Station to another on Half batta, and entitled to Batta for travelling to join (vide p. 2), is permitted to avail himself of leave obtained, not exceeding one month, without prejudice to that allowance, after the expiration of which, should he obtain fresh leave, or not join within the prescribed period, he forfeits Batta for the whole, or for so much of the distance in proportion as he has exceeded the regulated time. Vide "*Distance*."

2. Commissioned, Non-commissioned, Rank and File, or others removed or transferred from one Corps or department to another, are, when joining direct, entitled to Batta or Field rates of pay limited to a period according to distance,—but not when removed *at their own request*, nor when leave exceeding one month shall be obtained by Officers intermediately (vide p. 1); without prejudice however to claims by locality of Corps to which Commissioned officers are removed. Not joining within the prescribed period they forfeit batta in proportion to the number of days they may have exceeded it on the principle in para. 1.

3. When a detachment or Detail of a Corps under orders for removal or transfer from a Full to a Half batta Station shall reach its destination before the arrival of the Head Quarters, the European officers of such Detachment shall not be entitled to Full batta in virtue of any portion of the Corps being in receipt of that allowance, but shall draw Half batta in common with other Officers at the station.

BATTA.

N. B.—This rule is applicable to all Officers absent on leave who will cease to be entitled to Full batta from the time the first Detail or Detachment of their Corps shall arrive at its destination.

SAPPERS AND MINERS.—Native Commissioned, and European and Native Non-commissioned (Military and Medical) and Inferior grades, of Sappers and Miners, receive Full batta in all situations when present with any part of the Corps, or detached on duty. Vide p. 10 "*Absence.*"

SICK.—Native Commissioned, Non-Commissioned, and inferior grades when left behind Sick, on the line of march of a Regiment, are entitled to Batta until the date they are admitted into Hospital, and on their discharge therefrom, for the time requisite to rejoin their Corps according to distance. But not when left behind sick in Cantonment—In charge of lines—or as Sick orderlies,—in such cases however, they will be entitled to Batta for rejoining according to distance.

Vide "*Absence*" pp. 7, 8 and 9.

2. European Non-commissioned staff and inferior grades for whom "*Full batta*" is claimable in lieu of rations (vide "*Non-commissioned Staff*") are not entitled to that allowance when Sick in Hospital.

STAFF.—Staff officers permanently appointed to the Staff, have no longer a claim to Batta, in virtue of the locality of their Corps (vide p. 5 "*Absence.*")

Vide "*Duty*" p. 1,—"*Full batta*" pp. 4 and 5,—and "*Travelling*" pp. 1 and 6.

SUPERINTENDING SURGEONS.—When actually in the field, or appointed to, and present with Forces beyond the frontier (as Hyderabad and Nagpore,) draw the difference between Majors half and full batta, (Rs. 228 : 4 : 6) in addition to their consolidated salary. When proceeding to join they are entitled to difference between Majors Full and Half Batta (less House rent) Rs. 148 : 4 : 6 per mensem.

BATTA.

vide p. 6 * *Travelling.*"

TRANSFER.—Vide "*Removal.*"

TRAVELLING.—1. Officers appointed when absent on leave to the General Staff, are entitled to Batta according to distance for travelling from the station where they may be temporarily residing, provided no intermediate leave be obtained on Private affairs beyond a period of one month for preparation, so as to prevent their joining within the regulated period, which if exceeded, will subject the parties to forfeiture of Batta for the whole or for so much of the distance in proportion as they exceed the regulated time.

2. Officers on their first arrival, or return to India, appointed or belonging to Corps at Half Batta Stations, are allowed *one month* for preparation, and are entitled to Batta for joining their Corps or Station according to distance; but if previous to joining they obtain leave on Private affairs beyond the period of one month allowed by Regulation, which may prevent their joining within the regulated period, they will be subject to forfeiture of Batta as in the preceding paragraph. Detention from sickness duly certified, or on duty, does not involve the forfeiture of Batta.

[Vide p. 3 "*Private affairs*" Section 1st.]

3. Officers absent on Duty from Half Batta stations, who obtain leave of absence on Private affairs, for any intermediate period between the expiration of that duty, and their return to their Corps or Department, or who do not join within the regulated period, forfeit claim to Batta for travelling to rejoin on the principle in the preceding two paragraphs.

4. Officers absent from their Corps or Departments and entitled to Batta for travelling to rejoin, (such as Officers returning from Europe,) who by obtaining protracted leave of absence on Private affairs,

BATTA.

forfeit claim to Batta for travelling, and are in the interim removed to Corps or Stations, at a greater distance, which they join within the prescribed period, are entitled to Batta according to distance, deducting that already forfeited, viz. for the distance to the Station of the Corps from which they were removed. For instance, an Officer arriving from England stands appointed to a Regiment at Vellore, 86 miles distant, avails himself of one month's leave granted by regulation, and at its expiration obtains an extension, so as to preclude his joining or proceeding to join within the prescribed period of nine days, he thereby forfeits claim for travelling to Vellore, or for so much of the distance as he exceeded the regulated period, i. e. should he arrive at Vellore in thirteen days after the expiration of the one month's leave, thereby exceeding the regulated period by four days, he forfeits Batta for the latter period. If before the expiration of his leave however, but after the period of eleven days as above, has elapsed, he be removed to a Corps at Trichinopoly, 207 miles distant, which he joins within the prescribed period, viz. twenty-one days from date of appointment, he would be entitled to Batta for travelling 207, minus 86, or for 121 miles;—availing himself of any portion of his leave, subsequent to date of appointment, so as to preclude his joining within the prescribed period, he would further forfeit Batta for so much of the distance in proportion as he exceeded the regulated period.

5. Corps, Detachments or Details exceeding 12 in number proceeding on any duty, except when by "*Forced Marches*" (vide *that head*) have no claim to Batta or Field rates of Pay, according to distance, for their journey, when it may be performed in less than the regulated time,—in such cases Batta or Field rates of pay is regulated by the period occupied in the journey as reported by the Quarter Master General of the Army. Vide p. 3 "*Movement.*"

~~Full Batta.~~
BATTA.

6. Individuals or parties proceeding on any duty entitling them to Batta or Field rates of Pay in continuation (as for instance on Field service, or to a Full batta Station or appointment, or for any employment entitling them to Full batta in continuation) have no claim to batta or Field rates of Pay according to distance for their journey, although it may be performed in less than the regulated time; batta according to distance being authorized only in cases where individuals or parties are proceeding to situations in which they shall cease to be entitled to Full batta or Field rates of Pay.

Vide pp. 2 and 8 "*Absence*,"—and p. 3 "*Movement*."

WET BATTA.—1. To Carnatic Ordnance Artificers, and Farriers attached to Native Troops, Wet batta or Rations, is an allowance of provisions, supplied by the Commissariat, when marching or in the Field, and on established days of public rejoicing, as well as on other occasions when specially ordered by Government; the proportions will be found in p. 1 "*Rations*" Section 15th, for the total of which, or the particular articles supplied, a corresponding deduction will be made from their Pay and Batta,—excepting on H. Majesty's Birth-day, Christmas and New-Year's days, and on recognized occasions of public rejoicing, when Wet batta is issued gratis with the addition of two drams of arrack valued at 1 anna and 4 pie. Vide "*Dry batta*."

2. To Native Troops and Public Followers it is a gratuitous allowance, granted while proceeding on duty by Sea, or while serving in the Eastern settlements, or on Foreign Service, in the following proportions respectively.

REMOUNT.—1. Officers Chargers are to be selected from the Remount only, or by purchase in the Market.

CAVALRY.

2. Every European Regimental Officer of the Horse Artillery or Cavalry, on first joining his Corps, or on returning from Europe or Staff employ, shall be permitted to select two Horses for Chargers from the Remount, and Medical officers, Veterinary Surgeons, Riding Masters, and Troop Quarter Masters, when permanently attached, may each select one Horse from the Remount, on terms hereinafter specified.

3. The selection to be regulated by seniority, and no second selection is to be made by any Officer, when his doing so, will interfere with the first selection of a junior Officer.

4. Horses selected as Chargers are always to be branded with the mark of the Regiment, and entered on the Descriptive roll of the Corps, previous to their being delivered over to the selecting Officer.

5. The price to be paid by Officers for a Horse selected from the Remount is fixed at Rupees 600, and the Horse or Horses will be at the risk of the Officer from date of selection.

6. When the selected Charger of an Officer shall die, be killed in action, captured, stolen, lost, shot at the recommendation of a Station or Detachment Committee,—or be reported by such Committee unfit for further service, from age, vice, disease, or permanent unsoundness; his owner will be permitted to replace him by a selection from the next Remount,—and in cases where the Charger has been reported unfit for further service without being infectiously diseased, may dispose of him at his discretion. Vide p. 5 "*Chargers*" Section 10th.

7. Selected Chargers may be exchanged between Officers of the same Corps, with the sanction of the Commanding Officer, or when the full price has been recovered by the Paymaster, may be sold to any Officer of the same Corps entitled to a choice; the

CAVALRY.

sale in that case to stand in the place of such choice, and the seller to be allowed to select another Charger.

8. An Officer who finds on trial that he has made an unsuitable selection, may return the Horse into the ranks, and select another from the Remount allotted to the Regiment for the season,—provided his desire to do so be made known to the Commanding officer of the Corps, within one month from the date of the animal joining the Regiment,—and provided the Horse to be returned, be reported by a Regimental Committee to be as sound and fit for the service as when selected.

9. At any time after the lapse of six months, and within twelve from the date of joining the Regiment, a selected Charger may, with the permission of the Commanding Officer of the Corps, be returned for the purpose of being placed in the ranks, if reported by a Regimental Committee to be perfectly fit for the service; but in such case the Officer returning a Charger will not be permitted to choose another Horse in his room, and will merely be entitled to receive back from the Paymaster the full price, or such portion of the price as may have been deducted from his Pay and Allowances.

10. In all cases where an Officer wishes to select a Charger,—or to sell, exchange, or place in the ranks, a selected Charger,—he is to make a written application to the Officer commanding the Corps, who, when necessary, will assemble a Regimental Committee, composed of a President not under the rank of Captain, and two Subalterns as Members; the report of the proceedings of which are not to be considered complete without his—the Commanding officer's—countersignature.

11. When Officers are removed from one Regiment of Cavalry to another, they may take their selected Chargers with them; and the Horses so transferred are to be erased from the Register of the one Corps and entered in that of the other.

CAVALRY.

12. The selected Chargers of Officers who may retire from the service, proceed on Furlough to Europe, be nominated to the General Staff, or any other detached permanent employ, or be removed from a mounted Corps, are not to be sold or taken out of the Regiment to which their owners belonged; unless purchasers cannot be found in the Corps, and the Horses be pronounced by a Regimental Committee unfit for admission to the ranks,—in which cases they may be disposed of at the discretion of their owners; or when Officers die, their selected Chargers may be disposed of under the above restrictions, by order of the Committee of Adjustment, assembled on occasions of the death of such Officers.

13. The terms on which Chargers, the property of the several classes of Officers specified in the foregoing paragraph, are in the first instance to be offered for sale to such officers of the Corps as require Chargers, and in default of purchasers to be tendered for admission to the ranks; are as follows.

If 6 years old, full price;—and if above 6, but not exceeding 12 years, a deduction is to be made at the rate of 10 per cent. per annum for the period elapsed since the horse attained the age of 6 years.

6 years full price		Rupees 600
7 „ „ „	„ 540
8 „ „ „	„ 480
9 „ „ „	„ 420
10 „ „ „	„ 360
11 „ „ „	„ 300
12 „ „ „	„ 240

Horses whose age exceeds 12 years are not to be admitted to the ranks, but may be disposed of at the discretion of the owners or their representatives.

14. The price of Chargers selected by Officers is to be realized from their Pay and allow-

CAVALRY,

ances by Paymasters, in four equal monthly deductions, from Field officers, Captains and Surgeons; and in eight similar deductions from Subalterns, Assistant Surgeons, Veterinary Surgeons, Troop Quarter Masters and Riding Masters. When an Officer has occasion to select two Horses, double time will be allowed for payment. In all cases the deductions are to commence from the first issue of Pay after being put in possession.

15. Should an Officer die before the full price of his selected Charger shall have been recovered, the Horse if reported by a Committee to be fit in all respects for the service, is to be received into the ranks, and the amount deducted will be refunded by Paymasters to the legal representative of the deceased; but if reported unfit for the service, the Horse is to be sold under the orders of the Commanding Officer of the Regiment, who from the proceeds of the sale, will remit to the Paymaster the sum remaining due to Government, and pay the balance, if any, to the person entitled to receive it.

16. When an Officer has selected and been put in possession of a Charger he will immediately transmit, in duplicate, a descriptive roll of, and receipt for, the Horse selected, to the Commanding Officer of the Regiment, who having countersigned them, and caused a transcript of them to be entered in a Regimental Book to be kept for the purpose, will transmit one copy to the Paymaster within whose payment the Corps may be, and the other to the Military Auditor General.

17. The Commanding Officer of the Regiment will then direct the Officer in whose Abstract the Pay and allowances of the individual who has selected the Charger, are drawn, to insert at the foot of each Abstract, until the necessary deductions shall be completed, a notification to the following effect:

Deduct from ——— A. B.'s Pay and allowances——

CAVALRY.

Rs. being the 1st (or as the case may be 2d, 3d, &c.) monthly deduction on account of a Charger selected by him from the Remount of the season — which joined the — Regiment on the — day of —.

SADDLE CONTRACT.—1. The duties of providing, repairing and maintaining in a state of efficiency the Saddles, Bridles, Harness, and Horse appointments of Corps of Horse Artillery, and Native Cavalry, including the Body Guard, devolve on the Military Board.

2. An allowance for the repair of Saddlery, &c. at the rate of Rupee 1 and Annas 12, per mensem, is authorized for each Saddle according to the effective strength of Horses, and 8 Annas for each Saddle surplus to the effective, and not exceeding the established strength, to be formed into a General Fund, on the principle of the Off-reckoning Fund, for the benefit of Officers commanding Regiments, and the profits after defraying all expenses and charges, divided annually amongst the Officers so entitled, in proportions, according to the periods they have respectively commanded, giving two shares to the Officer commanding the Horse Artillery, one share each to Officers commanding Regiments of Light Cavalry, and one-fourth of a share to the Officer commanding the Body Guard.

3. The Adjutant General will in the month of January annually furnish the Military Auditor General with a statement shewing the number of Saddles, Harness and Horse appointments, effective during each month in the past year for which Full contract is due, and the number upon the reduced allowance, accompanied by a List of Officers entitled to share, upon which Return the computation for the Saddle Contract Fund will be formed.

4. The Quarter Master will be charged with all duties appertaining to the Saddlery and Harness of the Regiment, and be responsible for the Stores,

CAVALRY.

Workmen and Accounts, under the immediate supervision of the Commanding Officer, and the orders and instructions of the Military Board. In the Body Guard these duties will be discharged by the Commanding Officer. In Troops of Horse Artillery detached from the Head Quarters of the Brigade, these duties, as well as the supply of new Saddles, Harness, &c. to replace deficiencies, rest with their Commanding Officers, who will in the commencement of each year notify to the Officer commanding the Brigade, what number of Saddles, &c. may require to be replaced in course of the current year, specifying what materials cannot be provided of good quality on the spot and in the neighbourhood, and may therefore require to be sent from Head Quarters; new Saddlery so made up is to be compared with sealed patterns and reported upon by a mixed Committee of mounted officers selected by the Officer commanding the Station.

5. Officers commanding Troops whether of Horse Artillery or Light Cavalry, will be responsible for the state of the Saddlery and Harness in use with their respective Troops. For all repairs requiring to be executed, memoranda will be sent by Troop officers to the Quarter Master who will make the repairs, and retain the vouchers, in support of his accounts.

6. In all Detachments whether of Horse Artillery or Light Cavalry, the Senior Officer will conduct the duties, and be responsible for the efficiency and care of the Saddles, Harness and Horse appointments, and will furnish his accounts monthly to the Quarter Master at the Head Quarters of the Corps, for the purpose of being there checked and entered in the Regimental accounts.

7. Officers commanding mounted Corps, will apply to the Military Board for such advances of Cash as may be required from time to time for the Pay-

CAVALRY.

ment of workmen and provision of materials, and the Military Board will recommend to Government for sanction, the amount that may be proper, with a reference to the condition of the Saddlery on account of the Saddle contract Fund. On the sanction of Government being communicated to the Accountant General, he will instruct Paymasters to advance the amount to Commanding Officers on receipt. The advances so made will be adjusted annually on the 31st of December, agreeably to a statement of expense incurred in the provision and repair of Saddlery during the by-gone year; to be compiled by the Military Auditor General from the Regimental return of Saddlery, and the Accounts current of the Secretary to the Military Board.

8. Quarter Masters of Cavalry will receive a monthly allowance of Rupees 30, the Quarter Master of the Horse Brigade Rupees 60, and Officers Commanding detached Troops of Horse Artillery Rupees 10, inclusive of all charges, for Stationery and Writers, to be drawn in arrears in the Quarterly estimate.

9. Riding Masters of Mounted Corps draw Rupees 5 per mensem for each Troop, European and Native, of the Brigade or Regiment to which they are respectively attached. This allowance being for the provision of cavessons, whips, and other Horse drill equipments, is chargeable to the Saddle contract Fund.

10. Officers will be entitled to share in the Saddle contract Fund, under the regulations of the service, applicable to Regimental command allowance; with these exceptions,—that Officers absent on duty will not forfeit their claim,—and that officers removed from one Regiment to another are to be considered on Duty, provided they join within the prescribed period.

11. On all changes of Commanding officers or Quarter Masters of Regiments, the Saddlery Harness and Stores are to be examined by a Com-

CAVALRY.

mittee of the three Senior Officers commanding Troops, who will record their state, number and efficiency, and make a declaration upon honor that the several articles are *bonâ fide* as prescribed, which will be accompanied by a certificate from the Commanding Officer, that all disbursements of the current quarter (or if at the end of a quarter of the year, the preceding quarter) have been duly accounted for, and all balances of cash delivered over to the Officer succeeding to the charge of the *Saddlery and Harness accounts*.

12. The Military Board and the Military Auditor General will open an account with the "*Saddle contract Fund*" to which head are to be charged all disbursements and expenses connected with the supply, repair, and carriage of the Saddlery and Harness of Corps including the allowance to the Quarter Master.

CLOTHING AND OFF-RECKONINGS.

2. The Off-reckoning Fund is credited Annually on 1st January with the amount of Off-reckonings in arrear according to the foregoing rates, for all men (entitled to Clothing on the effective strength of the Army on the 31st December), excepting those who have already received Clothing in advance at the expense of Government. Vide p. 5.—and “*Half-mounting*” p. 4.

3. When an augmentation or Reduction of the Army takes place, increasing or diminishing the amount of Off-reckonings,—Shares will become more or less proportionately.

4. If a reduction in the number of Regiments take place, the Colonels of the reduced Regiments are not to participate in the Off-reckonings, until by the occurrence of vacancies they are re-instated in the command of Regiments. They will however in such cases receive Compensation from Government.

5. When an augmentation is ordered of entire Regiments, adding Sharers to the Off-reckoning Fund, the *Regular* Clothing of the year in which the Levies are entertained, will be supplied from the Clothing or Off-reckoning Fund, to which Off-reckonings on account of such Regiments will be allowed for the entire year.—But when the strength of existing Corps is augmented, and that Government furnishes the Clothing for the year in which the augmentation is made, the Fund will not be credited with Off-reckonings on account of such Levies, until the following year.

Vide pp. 3 and 4 “*Bounty*.”

6. Prior to 1824, a Regiment in each branch of the Service consisted of two Battalions, commanded by a single Colonel who received Off-reckonings of both. At that period Battalions were Regimented, and a Colonel appointed to each, thereby doubling the number of Colonels to share in the Off-reckonings, with

CLOTHING AND OFF-RECKONINGS

the provision however, that the new promotions should not benefit until by Casualties amongst the old Colonels they succeeded in rotation, two of their Seniors becoming entitled to a Half share each by every casualty,—thus, when casualties have occurred throughout those promoted prior to 1st May 1824, all Colonels of Regiments will each be entitled to a *Share* of Off-reckonings, and the present distinctions of “Half” and “Full” will cense; but for all Colonels who succeeded to a share in the Off-reckonings within two years, that is, previous to May 1826, Government authorized an allowance to be drawn from the Treasury equal to the difference between a Full and Half share.

7. Officers on the Senior list on 1st May 1824, and still surviving, are entitled to draw from the Off-reckoning Fund £543 : 15 per annum, the difference between which sum and a Full share annually accruing, is paid to them by the Court of Directors, but as Casualties occur amongst those Officers, the amount now drawn by them will increase the shares of Off-reckonings.

8. Should the share of Off-reckonings now termed the “Half share” in its Annual amount fall short of the yearly amount of Command money, Compensation for the difference is permitted to be drawn by Colonels actually exercising Regimental command.

9. Colonels entitled to Off-reckonings are allowed to reside and draw their shares in Europe, subject always to the Court's orders to return to their duty in India.

N. B.—Officers of Veteran Battalions entitled to Off-reckonings retain such Claims only so long as they are actually in Command.

10. The Surplus Off-reckonings at the three Presidencies, are thrown into one General Fund, with the exception in the N. B. to this para. and

divided among the Colonels of Regiments of Cavalry and Infantry, Brigades and Battalions of Artillery, and others entitled to Share, according to the following proportions.

Officers on the Senior List on 1st May 1824, each a fixed share £548 : 15 per annum.

Colonels of Regiments who attained that rank prior to 1st May 1824. A Full share.

Colonels of Regiments who attained that rank subsequent to 1st May 1824. A Half share.

Lieutenant Colonels appointed to command Veteran Battalions. A Half share.

Majors, appointed to Command Veteran Battalions are entitled to fixed Off-reckonings at the rate of Rupees 2, and Anna 1 per annum, for each man on the Effective strength of the Battalion on 31st December.

The officer Commanding the Governor's Body Guard is not entitled to any share from the General Off-reckoning Fund, but receives from Government the amount of Off-reckonings for the Troop, and is entitled to the surplus after providing the Troop with Clothing.

N. B.—When the surplus Off-reckonings of a Veteran Battalion falls below the consolidated average surplus of Effective Corps, it is not thrown into the General Fund, but apportioned to the Lieut.-Colonel of such Battalion as his entire share.

11. To obviate inconvenience to individuals from the unavoidably protracted adjustment of the annual accounts of Off-reckonings, Sharers are authorized to receive Advances according to the following rates on the 1st of January each year.

Officers on the retired list				$\left. \begin{array}{l} \text{If payable in India} \\ \text{to be converted in-} \\ \text{to Rupees at 2s. 6d.} \\ \text{per Rupee.} \end{array} \right\}$

Command allowance for a period not exceeding in the aggregate 30 days in the course of six months, computing from 1st January to 30th June inclusive, and from 1st July to 31st December inclusive, respectively.

5. Absence beyond Muster will subject the parties to a forfeiture of the Command Allowance from the date of quitting the Command, unless detained on Duty by or under the authority of Government, in which case they will be entitled to the allowance for the period within Muster. (Vide "*Compensation*" p. 1)—Officers during such Absence being removed from one Regiment to another at their own request, but not otherwise, forfeit the allowance, if not at their own request, they will be entitled to Command Allowance; up to the date on which they receive the order of removal, provided it be within the period of muster.

6. The Officers Commanding the Artillery and Engineers when Absent on the duties of their respective Commands, such as Tours of Review, or Inspection of Works, continue to exercise Command and draw Command allowances.

7. The Pay and Regimental allowances of Colonels of Regiments, Absent on Medical certificate or Private affairs from their Regimental or other Commands, are regulated by the rules prescribing limits and periods, applicable to other Officers (vide "*prescribed limits and periods*" Section 1st); but when removed from Regimental or other Command (i. e. unemployed), they will, if they remain in India for the relative period, be entitled to a continuance of their Pay and Full Regimental allowances for a period of *six months*, subsequent to which, or when absent beyond the prescribed periods, they will only be entitled to draw at whatever station they may be permitted to reside by His Excellency the Commander-in-chief, the Pay and Full Batta of their Regimental rank, with Off-reckonings if entitled thereto.

Vide p. 6 "*General Officers*" Section 21st.

The Officer exercising temporary Command will not be entitled to any allowances on that account; with the exception of Horse allowance Rupees 30, to an officer under the rank of Field officer.

Vide p. 3 "*Aides-de-camp*" Section 21st.

3. During the absence of the Commander-in-chief, when it is expedient to appoint a "Commander of the Forces," it will devolve on the Senior General Officer on the Staff, who will receive an addition of Rupees 1,000 per mensem to his own Staff allowances.

Vide p. 4 "*Troops and Companies*."

Vide "*Compensation*" Section 2d.

3. Transfer from one Corps, Troop or Company to another, during a period when an Officer is entitled to Compensation for loss of Command allowance, does not affect his claim to such Compensation, for the period he may subsequently be detained upon the duty, provided such transfer take place *not at his own request*. for authorizing Contingent charges, the amount of which shall be debited to him by the Paymaster and rest on his responsibility until the same have received the sanction and approval of Government; for which purpose a detailed List of all such Disbursements shall be forwarded by the Commanding Officer authorizing them, to the Commander-in-Chief, on the 1st of each month for submission to Government, in order that the necessary instructions be given to the Military Auditor General relative to the admission of the charges. Commanding Officers will also transmit to Government through the same channel at the beginning of every month, a copy of all Orders creative of expense, which may have been issued by them during the preceding month.

2. Authenticated copies of Bills for all charges on account of Secret service, shall be sent monthly to the Secret department of Government by the Commanding Officer of the Troops, accompanied by the *most particular information* relative to the application of every sum charged for secret services, of whatever nature, and every Commanding Officer is liable at the end of a Campaign, or on the conclusion of a War, to be questioned upon oath relative to the fidelity of his accounts for Secret service.

3. No verbal order for incurring any extra expense will be admitted as authority.

4. No Contingent charges exceeding those established by regulation for the removal of Corps from one Station to another in time of Peace, will on any occasion be admitted unless the necessity of them shall be made to appear to the satisfaction of the Commander-in-Chief, and by him recommended to Government. Vide p. 5 "*Audit Department*" Section 20th.

5. All Contingent and Extraordinary expenses, not provided for by any regulation, autho-

ried on account of the Public service, by Officers Commanding Forces, Stations, Posts, Corps, or Detachments, rest on their personal responsibility, and will be charged on Contingent Bills, detailing the nature of the service performed, and the particulars of the relative orders, attested in the prescribed manner (vide pp. 8 and 9), and accompanied by a letter from the Officer who disbursed the money, stating that every precaution had been taken to keep the charges within the lowest possible expense consistent with the nature of the service performed.

6. All Contingent Bills not provided for by regulation to which a Commanding Officer shall give his sanction without the previous authority of Government, which can only be justifiable in cases of emergency and from a conviction of the urgency of the case, as well as a persuasion that the expense was actually and necessarily incurred, must be headed with the words "*Emergent service*," and forwarded by the parties incurring the charges direct to the Military Board, in order to be submitted with the opinion of that Board for the consideration and sanction of Government.

7. Every Officer disbursing Public money, must be guided by principles of the strictest economy, the neglect of which will impose on him the responsibility of the expenditure. When any superfluous or extravagant charges are admitted into Contingent Bills, no declaration, however solemn of the actual expenditure of the amount will protect the drawer from a total rejection, or, as the case may be, a partial reduction, of the Claim; it being the duty of every such Officer not only to render a faithful account of actual disbursements, but to take care that such disbursements do not exceed what is actually necessary.

8. When the amount of a Contingent charge has been disbursed before Audit of the Bill,

"I do declare upon my honor that the sums contained in this Bill, have been actually and bona fide expended by me for the purpose set forth."

12. The Military Board at the Presidency through their Secretary, and Officers Commanding Divisions and Forces at Out-stations, are empowered to authorize Advances of Cash from Pay Departments to an extent not exceeding 200 Rupees, to Officers Commanding Stations, Staff Officers of Divisions or Forces, Commissaries of Ordnance, or other persons entrusted by

13. When works are authorized on Estimates which have, on the recommendation of the Board, been sanctioned by Government, the necessary Advances will be provided by Government upon special application to that effect from the Military Board. But with a view to expedite business and to obviate the necessity of repeated references to Government on matters of minor importance, the Military Board is vested with authority to pass for payment, Bills under Rupees 400, for the Contingent charges specified in the subjoined list, and such others, within the amount mentioned, in Departments under the Control of the Military Board, as may be allowed by existing Regulations.

DEPUTY QUARTER MASTER GENERAL H. MAJESTY'S TROOPS.—The aggregate amount authorized for the Office Establishment of this functionary is Rupees 100 : 2 : 8 per mensem.

DOOLEY BEARERS.—1. The fixed Establishment of Dooley Bearers at present consists of 13 Companies, each composed of 1 Head Maistry, 3 Petty Maistries, and 90 Bearers,—divided into 2 Corps numbered 1st and 2d. The following are the rates of Pay and Batta per mensem, the latter being drawn under the General rules applicable to that allowance.

RANK.	1st Dooley Corps.			2d Dooley Corps.	
	Additional Pay.	Pay.	Batta.	Pay.	Batta.
Head Maistry.	7 0 0	14 0 0	1 14 5	12 0 0	1 8 0
Petty Maistry.	2 5 4	10 8 0	1 14 5	9 0 0	1 8 0
Bearers.	6 5 4	1 14 5	6 0 0	1 0 3

2. The strength of the 1st Dooley Corps is being gradually diminished by Casualties which are not filled up, but proportionate numbers are entertained for the 2d Dooley Corps under the orders of the Commissary General. Pay for men of the 1st Dooley Corps is drawn on Abstract by the Commissariat Officer in charge, in like manner as for Native Troops in general, and disbursed by Paymasters.

3. The 2d Dooley Corps which at present is incomplete, will eventually consist of 13 Companies, but will only be completed to its Establishment as vacancies occur in the 1st Dooley Corps. The Pay of the 2d Dooley Corps is drawn and adjusted in the Commissariat accounts, supported by regular Abstracts and Muster Rolls.

4. Head and Petty Maistries will, when not in the Field, be allowed a reasonable Leave not exceeding six months, during which Absence they will be entitled to the Pay of Bearers only, which will be drawn on their return, but in the event of their overstaying their Leave it will be forfeited and remain undrawn, the circumstance being explained at foot of the Abstract. The difference between the Pay of their rank and that of Bearer will, during their Absence, be drawn for, and payable to the men appointed to act for them.

5. Bearers will be entitled to a similar indulgence as to period of Leave, but during Absence will not be entitled to Pay, which with every other advantage, will be allowed to the substitutes temporarily engaged in their room, who in the event of their subsequent enlistment in the service will have claim to the period during which they acted as Substitutes, in reckoning service to entitle them to Pension.

6. Bearers are not to be Discharged without the sanction of the Commissary General

or the sentence of a Court-martial. When Discharged at a distance from their homes, they will be allowed $3\frac{1}{2}$ Annas for every 20 miles of distance to enable them to return : but if when Discharged they should be in an infirm state of health, the same allowance will be given for every 12 miles, at the discretion of the Commissary General.

7. Hired Bearers are engaged by the Commissariat, and their Hire adjusted in the accounts of that Department.

8. Hired Bearers for occasional service within the Company's territories, will be engaged on terms most advantageous to the Public service, but in no instance shall the Full hire exceed Rupees 7 per mensem, and it is expected that in various situations, the Hire of Bearers especially in their own Districts, or for local duties, will be considerably less.

9. Hired Bearers when employed on actual Field service beyond the Frontiers of the Honorable Company's territories, shall, notwithstanding the original terms on which they may have been engaged, be entitled to the same Pay and Batta as the 2d Corps of Dooly Bearers, but on no occasion shall they receive higher wages.

10. Hired Bearers when collected at any Military Station from the neighbouring Country will receive an allowance, to be regulated by the Commissariat, from the date of their leaving their villages until delivered over, on the presentation of Indents, to Corps or Departments,—or if collected for the purpose of being sent to another part of the Country, the allowance will be paid to them until they shall have been Mustered and brought upon Monthly pay.

11. Hired Bearers Discharged at the conclusion of any Field service, receive an allowance at the rate of $3\frac{1}{2}$ Annas for every 20 miles of distance by route, between the place at which Dis-

charged, and that at which they were Entertained, to enable them to return thereto.

13. This Reward shall be strictly an honorable distinction, to be conferred only upon the well conducted Soldier, and Commanding Officers of Regiments are strictly enjoined to enter in the Regimental Defaulter's book, the name of every Soldier who, in consequence of misconduct shall have been subjected to any punishment beyond six days drill, or seven days confinement to Barracks, and the commission of every offence which shall impose upon the Commanding Officer the necessity of recording the Soldier's name in the Regimental Defaulter's book, shall render the man ineligible for this Reward for two years from that date, and if he be already in possession of this distinction, shall deprive him of his Distinguishing mark and Good Conduct Pay for one year, and a second recorded offence within twelve months, shall render two years of uninterrupted Good Conduct necessary to obtain a restoration of such Reward.

15. Any Soldier who by having been recorded in the Regimental Defaulter's book, shall have been adjudged to have been guilty of an offence by which he is to forfeit the whole or a part of his reward for previous Good Conduct shall, if he denies the commission of such offence, have the right of Appeal to a Court-martial.

16. A Soldier may for a first offence of a serious nature, be adjudged by the sentence of a Court-martial, to forfeit all or any part of the advantages he had derived from his previous Good Conduct, either absolutely or for any period, not less than 18 months, according to the circumstances which shall have appeared in evidence.

17. The Distinction and the Rewards granted by this Warrant, do not extend to Serjeants and other Non-commissioned Officers above the rank of Corporal, and they will not be allowed, while serving any addition to their Established Pay, but if permitted to purchase their Discharges, or to obtain Free discharges at their own request, they will be admitted to the benefits of Article 11th of this Warrant, and if Discharged, to Pension; they may, for peculiarly Good Conduct, on the special recommendation of our General Commanding-in-Chief, and by the consent of our Secretary at War, communicated to the Commissioners of Chelsea Hospital, be allowed additions of *1d.*, *2d.*, *3d.* or *4d.* a day to their Pensions, provided that the aggregate Pension shall in no case exceed for a Serjeant *1s. 10d.*—for a Quarter Master Serjeant *2s. 1d.*—and for a Serjeant Major *2s. 4d.* a day.

19. All Soldiers now serving who Enlisted on or before 1st March 1833, shall by relinquishing their right to Additional Pay for Length of Service, be entitled to claim all the advantages of Good Conduct Pay while serving, which are hereby granted, but as the Warrants which were in force at the original time of their Enlistment give them a right to higher rates of Pension on Discharge, than those which are to be granted to men Enlisted after the 1st March 1833, they will not be entitled to have their Good Conduct Pay added to their Pensions on Discharge.

20. In special cases however, of men Enlisted on or before the 1st March 1833, who by their Good Conduct have obtained one or more Distinguishing marks, and who, after short service, may be Discharged for Disabilities or by Reduction either without Pension, or with temporary or conditional or permanent Pensions (not exceeding those granted for similar Disabilities and services under the Warrant of 7th February 1833) the Good Conduct Pay may by the consent of the Secretary at War, be added to their Pensions, and such men, if not placed upon permanent Pensions, may be registered at Chelsea for the deferred Pension under the same rules as the men Enlisted after the 1st March 1833.

24. Soldiers who are already in receipt of Additional Pay of 1*d.* a day for Length of Service, may on relinquishing their right to Additional Pay continue to receive the same amount as Good Conduct Pay, provided their names shall not have been entered in the Regimental Defaulter's book, for at least 2 years immediately preceding the exchange.

25. Soldiers not yet in the receipt of Additional Pay for Length of Service, may by relinquishing their right to the same, receive Good Conduct Pay on completing the respective periods of 7, 14, 21, and 28 years, provided their names shall not have been entered in the Regimental Defaulter's book—in the first case for at least 2 years; in the second for at least 4 years; in the third case for at least 6 years: and in the fourth case for at least 8 years, immediately preceding.

They are permitted at any future time to declare their option of relinquishing for Good Conduct Pay, all right to additional Pay, but they shall not be entitled to the former except from the date on which their claims thereto shall be preferred.

Majesty's Troops, will be defrayed by Government,—at the rate of 3*d.* or Annas 1½ each distinguishing mark for the Cavalry,—and 2*d.* or Annas 1⅙ each for the Infantry. The expense of keeping up the Badges after the first supply is to be defrayed by the individuals entitled to wear them.

The cost of the original badges will be inserted in the Abstracts in which the first charge for Good Conduct Pay is drawn, but in the case of those who do not exchange their claims to additional for Good Conduct Pay, and are nevertheless entitled to the distinguishing badge the charge should be supported by a list of the men, certified by their respective Commanding officers.

If the Claim appear to the Committee to be just, the Proceedings are to be forwarded with the recommendation of the Officer Commanding to the Adjutant General of the Army, that they may, if approved by the Commander-in-chief, be submitted to Government for sanction (vide p. 8 "*Audit Department*" Section 20th). After which they will be transmitted to the Superintendent who from those Documents will prepare the Pension Certificate.

8. To prevent the Transfer of Certificates on the decease of their holders, Committees are to assemble Triennially, immediately after the regular Muster on the 1st September, at every Military Station (with the exception of the Presidency) where Pension payments are made,—they are carefully to examine all Pension Certificates and to ascertain the identity of their Holders,—their Proceedings are to be prepared in Duplicate separately for each Class of Pensioners, their decision with regard to the identity of each Pensioner is to be entered opposite to his or her Name. The original Proceedings to be transmitted by the Officer Commanding to the Superintendent of Pensions and the Duplicate to be lodged in the Station Office for Record.

9. The Triennial Committees will assemble by order of the Commander-in-chief, and will receive detailed instructions for their guidance from the Superintendent of Pensions, and all Holders of Certificates of whatever description are required to attend with their Certificates, unless when in the case of Females the Committee (being enabled by the employment of a trustworthy woman of Caste, or otherwise, to decide satisfactorily) may dispense with their personal attendance; sufficient previous notice is to be given of the intended assembly of the Committee, and no payment is to be made upon any Certificate which shall not be submitted to it. GOLUNDAUZE.—Vide p. 1 “*Eligibility*,”—and “*Rates*.”

GOOD CONDUCT PAY.—Native Soldiers Transferred to the Pension Establishment whether on Full or inferior Pay, do not carry along with them the Good Conduct Pay which they may be in receipt of at the time of removal from the Effective branch of the Army. This rule does not however affect their Claim for the periods prescribed in pp. 1 and 2 “*Effective Pay*.”

Vide p. 2 "*Employment.*"

10. All Pension shall lapse on the demise of the Heirs to whom they may have been granted, and no Transfer of Pension from one Heir to another can ever be permitted unless to correct some obvious error in the first grant.

11. No person is to receive more than one Pension from the State, the highest being allowed when there is claim to two or more.

12. On the demise of Native Officers and Soldiers under circumstances entitling their Families to Pension, the nearest surviving Heir at the time of the Casualty, being either the nominated Heir if within the line of Succession, or the nearest in that line when no Heir has been named, shall alone be entitled to that indulgence; but in the event of such Heir dying during the interval between the decease of the party on whose account a Pension is claimed and the assembling of the usual Pensioning Committee, the Claim of the next shall under such circumstances be held valid.

13. In order that the Troops and their Families may be fully acquainted with the Intentions of Government on the subject of Pensions to Heirs,—the Regulations prescribed in p. 1 “*Claims*” shall be read and explained with the Standing Orders of each Corps and Department in the Service, and Officers Commanding Stations and Corps shall use every possible means to give them general publicity.

4. The Muster of Native Female Pensioners should be conducted with due consideration to their Caste and condition in Society, and such as are on that account prohibited from appearing in Public, may, (with the Superintendent's concurrence) be allowed to appoint a Vakeel to receive their Stipends, and are exempted from appearing at Public Muster, or at the Mustering Officer's Quarters. It will however be the Duty of the Mustering Officer to ascertain by the best means in his power that such Pensioners are alive, which he will always be enabled to do by making enquiry from some respectable Natives of the same caste.—Female Pensioners thus excused from Muster, are to be returned in the Muster Roll as such, and so entered in the Monthly Return, in which, opposite their Names, will be inserted the Name and Rank or Designation of the Vakeels or individuals attending to receive their Pay, who should when practicable be themselves in receipt of Pay or Pension from Government, or otherwise of known respectability of character.

5. The efficient controul of the Pension Establishment greatly depending on the accuracy with which the Musters are taken, the strictest attention is required in the performance of this Duty, to prevent the Transfer of Certificates on the decease of their Holders to any other person, and to check any other irregularities which may be attempted.

6. Pensioners who in consequence of not being present at Muster are noted "Absent without

3. The Paymaster at the Presidency is authorized to discharge the Pension of Females who are precluded from appearing in person before the Mustering Officer (vide p. 4 "*Musters*") on Periodical Certificates (according to the dates of Mustering) of the Town Major of Fort St. George, that he permitted their Absence and satisfied himself of their being alive.

4. As it sometimes happens that Pensioners whose Allowances have been drawn for them by Commanding and Staff Officers do not come forward regularly to receive the amount, it is directed that on all such occasions the sums shall be retained until the next Muster of Pensioners, when, if the parties do not appear the amount is to be returned to the Paymaster and the circumstance reported to the Superintendent in the following Form; a report, accompanied by the Paymaster's receipt, will be forwarded to the Military Auditor General, the latter of whom will retrench the amount on Audit. Should it be claimed on the return of the party it is, if admissible,

REGISTERS.—1. The Superintendent is to keep in his Office Registers of all Pensioners in the Military Department, both European and Native, separately for each Class of Pensioners, comprehending the most particular description of their persons, shewing when and why they were Pensioned, their Ages, &c. &c.

2. The Superintendent will be furnished Monthly by Division Paymasters with a list of all Pensioned Commissioned and Warrant Officers, and the Widows of those Ranks on Lord Clive's Fund drawing Pay on their own Abstracts within their respective Ranges of Payment, by which lists the Superintendent will correct the Registers kept in his Office.

Vide p. 3 "*Certificates*,"—"Other Presidencies,"—p. 1 "*Payment of Pensions*"—and p. 23 "*Superannuation Pension*."

REMOUNT.—The Details of Pensioned Native Cavalry while actually employed in the Remount Department receive

- "*Difference between Pension and Effective Pay*," in Addition to Pension, and are entitled to Batta when in Situations which would entitle Effective Troops to that Allowance. (Vide *this head* Section 5th). The Charges to be supported by the following Certificate on back of the Abstract.

"I do hereby Certify that the Detail of Pensioned Cavalry for whom difference between Pension and Effective Pay is drawn in this Abstract were employed (here enter in what

RESIDENCE.—1. Native Military Pensioners have the privilege of residing at any Station or Village within the Limits of the Madras Presidency which they may select for that purpose, as well as with the Head Quarters of Regiments,—and the Proceedings of General and Special Committees will exhibit the places selected by the Pensioners for their future Residence.

2. The change of residence should always be discouraged by every proper means, that the identity of Pensioners may be more particularly within the knowledge of the Mustering Officer, but should it afterwards be solicited or become expedient in any special cases, an application is to be made to the Superintendent of Pensions who will give the necessary instructions on the subject; but without his previous authority no Removal is to take place.

3. In the case of a Native Commissioned, Non-commissioned Officer, or Private Pensioner, wishing to reside and draw his Stipend at any Station beyond the Limits of this Presidency, the Commanding Officer of the Station or Corps, or the Staff Officer in charge of the Pensioners, will make a corresponding application to the Superintendent of Pensions, forwarding at same time a copy of the Pension Certificate held by the party, in which he will insert in the column of remarks in English and Persian characters the name of the place at which the Pensioner wishes to Reside and that of the nearest Military Station thereto. The Superintendent will then make the necessary application to Government and communicate the result to the Officer in charge forwarding, if the indulgence be granted, the requisite Passport

INVALIDS, PENSIONS AND PENSIONERS.

This Return is to be particularly examined by the Military Auditor General, and submitted with such remarks and explanations as may appear necessary, for the information of Government.

SERJEANTS.—Vide pp. 4, 5 and 6 "*Rules*" Section 7th.—Also p. 15 "*Retirement*" Section 11th.

SERVICE.—1. For period from which the Service of Europeans is considered to commence, vide p. 5 "*Bounty*" Section 19th, which is equally applicable to Pension. Men transferred from H. Majesty's Army, are allowed to reckon in their Service the period actually served in H. Majesty's Army in India.

2. Service under 16 years of age is not allowed in reckoning the period of Service for Pension to Native Ranks.

For periods of Service requisite to entitle to Pension, vide "*Eligibility*."

SUPERANNUATION PENSION.—1. Subject to the following provisions, the undermentioned superior Classes of Public Servants in the Civil Department will be entitled to Superannuation Pensions; but Inferior Servants, Peons (including Jemadars and Duffadars) Artificers, Boatmen, Labourers, Lascars and Menials have no claim to such provision.

2. With the exception of Native Judges and Law Officers, the Applicant must have been employed in the Public Service for a period of at least *twenty* years.

Vide p. 8.

3. The Public Servant whatever may have been the period of his Service must be incapacitated for further employment either by old age, protracted ill health, loss of sight, or other bodily or mental infirmity.

4. The Character, Conduct, and past Services of the Public Servant must be favorably Certified by the Officer or Officers under whom he may have been employed, and must appear to be such as to entitle him to the favorable consideration of Government.

5. The Pensions conferred being continued for life, Government will require the most conclusive evidence of the permanent disqualification of persons to whom they are granted. In cases of very advanced Age, Blindness, Paralysis, &c. there can be no hope of material amendment,—but Debility and Diseases consequent on constant and close application to business, may for a time incapacitate, but are frequently removed by relaxation from duty, by change of air or by judicious treatment.

6. To guard against persons becoming prematurely a burthen on the State, it is directed that in all doubtful cases, persons be brought before a Medical Committee, after the expiration of one year from the date of their cessation from business, and that their Appointments be not permanently filled up until it shall have been

INVALIDS, PENSIONS AND PENSIONERS.

certified that there is no hope of their being ever able to resume their duties.

7. In cases of the nature adverted to in the preceding paragraph, Pensions agreeably to Regulation will be granted to the Applicants "subject to future confirmation" and the Civil Auditor will furnish Quarterly a List of such cases for the consideration and orders of Government.

8. Whenever it may become expedient to grant a Pension to a Public Officer whose case may come within the foregoing provisions, the amount of the Pension shall be limited as follows.

If the period during which the Individual may have been actually employed in the Public service, shall be more than 20 years, but less than 30 years, the amount of the Pension shall not exceed one-third of the Monthly Salary or authorized official allowances of such individual calculated on an average of 5 years previous to the date of the application for such Pension. If the period of actual service shall have been 30 years or upwards the amount of the Pension shall not exceed one half of the Salary or authorized allowances of the individual, calculated in the manner above stated.

N. B.—For Law Officers and Native Judges the terms of 15 and 22 will be substituted for those of 20 and 30 respectively in this paragraph.

9. Employment in Extra or Temporary Establishments does not confer any Claim to Pension or Gratuity, the Superannuation Pension Regulations being applicable only to Persons who have been employed for the prescribed term of years on a fixed Establishment.

10. The Superannuation Pension shall be fixed on a graduated scale within the prescribed limitations, with reference to the responsibility and arduousness of the employment, the degree of merit of the individual, and the nature and length of his service.

INVALIDS, PENSIONERS AND PENSIONERS.

11. A Pension will be granted by Government to the Family or any member of the Family of a deceased Public Servant, only when such Servant shall have been killed in the execution of his Public duty, or shall have died in consequence of Wounds or Accidents sustained therein.

12. Should cases arise which are not sufficiently provided for in these rules, or in which from special circumstances Government may be pleased to deviate from them in favor of a Claimant to a Pension, such Pension shall be considered only as Temporary and Provisional until the grant shall have received the sanction of the Honorable the Court of Directors.

13. Whenever an application may be made to Government with a view of obtaining the grant of a Pension in favor of any Officer employed in the Public service, the application shall contain full and specific information on the following points.

The Name, Class or Caste, Age, and proposed place or Residence of the individual for whom the Pension may be solicited, the Situation in which he may be employed at the time when the application may be made, the Total Period during which the individual may have been employed in the Public service, and various Official Situations in which he may from time to time have been so employed. The Monthly amount of Salary or official Allowances of the individual in question on an average of five years previous to the date of application. The causes by which the individual may have been rendered incapable of discharging any longer the duties of his Office, whether by extreme old Age, protracted illness, loss of sight, or other bodily or mental infirmity. His General Character, Conduct, and past services in the Official situations which he may have held.

14. If the Officer making the ap-

plication shall be unable from his personal or official knowledge to supply the whole of the specific information required in the preceding paragraph, he shall endeavour to obtain it from the Records of the Office in which the applicant may have been previously employed, or he shall call on the individual in whose favor the application may be made to furnish a written Statement (to be verified by his oath or solemn declaration if required) on such of the points above noticed as may be necessary.

15. If the individual shall be rendered incapable of further service by protracted illness, loss of sight, or other bodily or mental infirmity, a Medical Certificate by a European Medical Officer in the service of Government to that effect shall be also transmitted with the application, which Medical Certificate shall contain a clause, certifying that the state of health in which the applicant is rendered unfit for further service has not been occasioned by intemperance or other irregular habits.

16. Each application for a Pension under the foregoing rules shall be made by the head of the Office under whom the individual recommended to be Pensioned may be employed, in a letter addressed to Government and accompanied by a Register on a separate sheet of Paper in the following Form—but this Register is not to supersede the detailed information above required.

INTERESTS, PENSIONS AND PENSIONERS.

18. No Pension shall be payable in Arrear for a period exceeding *twelve* months, without the express sanction of Government obtained through the Civil Auditor, unless the cause of the Suspension of Payment shall have been the neglect, order, or act of any Public Officer and beyond the Control of the Pensioner,—when the Civil Auditor on a reference being made to him shall exercise his discretion in passing Arrears for payment, or submit a representation of the case for the information and orders of Government, as he shall consider proper.

19. The Civil Auditor shall exercise a vigilant control over this Class as over all other Civil Pensioners, with a view to bring to the notice of Government all instances in which in the granting of Superannuation Pensions any of these rules may be departed from, unless, he shall be distinctly informed that a special exception has been made in the individual instance.

20. The Civil Auditor shall submit to Government, at the end of each official year, a Statement exhibiting a comparison between the amount of Pensions that have lapsed and the amount of Pensions granted during the year, and as a check against the fraudulent continuance of Pensions beyond the actual term of the Pensioners lives, he shall from time to time compare the periodical decrement of life; and where lapses do not occur in the proportion that might naturally be anticipated, it shall be his business to institute such inquiry as may appear necessary to ascertain whether, and in what

of the Army, and to be accompanied, if from the Commanding Officer of the Army or Detachment, by a declaration on honor that he sustained the injury for which the Compensation is Claimed, in Action,—if from the head of the General Staff, by the Certificate of the Officer Commanding the Army or Detachment,—if from an Officer on the General Staff, or Commanding a Corps, by a Certificate from the officer at the head of the Staff,—if belonging to a Corps, by a Certificate of the officer in Command of the Corps at the time, or by the Senior Officer on the Staff,—that such injury was sustained in Action.

2. The application must likewise be accompanied, if the Officer be residing at or near the Presidency, by the Certificate of the Medical Board, stating, after inspection that the Claimant has sustained the Loss of an Eye or Limb, or permanent injury equivalent to the loss of an Eye or a Limb, from Wounds received in Action—but the necessity for such Certificate of the Medical Board does not apply to cases where the Officers have actually suffered amputation, provided that they transmit Certificates to that effect signed by the Medical Officer and by the Commanding Officer on the spot; nor where the Wounded Officers reside at a distance,—provided, in such case, that whenever they may visit the Presidency they appear before the Medical Board and transmit their Certificate to the Adjutant General of the Army for submission to Government as before directed.

3. If the Wounded Officer be employed on Foreign Service, his application must be accompanied by a Certificate from the principal Medical Officer on the spot: in such case too, as soon as he returns to Madras he must appear before the Medical Board and transmit his Certificate to the Adjutant General for the purpose of submission to Government.

4. Pensions do not increase with the advancing Rank of the Officers to whom granted.

6. These Pensions being granted as a Compensation for the permanent disability sustained by Wounds received in Action, may be held together with any other Pay and Allowances to which an Officer may be entitled without any deduction on account thereof.

7. If an Officer shall have lost more than one limb or one eye, he may be recommended for a Pension for the loss of each limb or eye so lost in Action.

8. If an Officer shall have held a Pension for a Wound received in Action for a term of five years, and have been examined twice at the least before a Board of Army Medical Officers, he may be recommended for the permanent continuance of such Pension.

one eye from a Wound received in Action shall be granted unless actual loss of vision has occurred within five years after the Wound was received, and is solely attributable to it.

Vide "*Wound Gratuity*" Section 19th.

12. The term "*Limb*" is to be considered applicable, to an Arm, a Leg, a Hand, a Foot, or an Eye, and such Wounds as deprive a Soldier *bonâ fide* of the use of either shall entitle him to the Pension of Full pay. Fingers or toes may be separated from the body without depriving the Wounded man of the use of his Hand or Foot,—while in other cases dislocation of a joint, separation of the tendons, or stiffness produced by the effects of Wounds, may entirely disable the limb from any useful effort; of the nature of such Wounds and the extent of debility they produce, the best judgment may be formed by inspection and from the opinion of Medical Officers. The case can seldom be doubtful, but where doubt exists the bias should be towards the favorable determination.

13. Pensions for *Wounds received in Action* will be granted to the several Ranks of the *Native Army*, as a compensation for a permanent disability sustained by such Wounds; and may be held together with any other Pension, Pay or Allowances to which a Native Officer or Soldier may be entitled without any deduction on account thereof.

18. His decisions on Audit can only be set aside by Government, to whom all Appeals therefrom are to be made, and those concerned should in the last resort (the decision of Council being *final*) be aware of the necessity of stating fully and clearly the reasons and authorities to be offered in support of the Claims, parties being enjoined to be very careful to avoid troubling Government on insufficient grounds. The only channel of communication in such cases is through Paymasters of Stations—to the Auditor General, who will submit them to Government, and communicate the result for the information of parties concerned: Government being pleased to assure the Army that its authority will be interposed to prevent any improper delay in bringing Retrenchments

It is therefore incumbent on Paymasters to give previous information to Officers and others regarding the Vouchers or authority required in support of their claims, or what particular deficiency or Regulation militates against them, that *unnecessary* references may be avoided, delay and inconvenience prevented to the Public service, and no more trouble given to parties than the Regulations established for their guidance absolutely require.

6. They will not issue to Officers Absent from their respective Corps or Stations, Pay or Allowances beyond the date of Leave granted to them in General Orders. Vide "*Without Leave*" Section 1st.

2. Officers temporarily appointed by Government to the Commissariat, in whatever grade, receive while so employed an Allowance of Rupees 150 per mensem with the Pay and Regimental Allowances of Rank and Station.

STAFF.

3. Should an Officer of the Commissariat be obliged to quit his Station on Medical certificate, or be ordered away on Duty when no other Officer of the Department may be on the spot, or can arrive to relieve him,—he shall with the concurrence of the Officer Commanding the Troops, fix on some Officer to take charge of his Office until his return, or until the Commissary General can arrange for detaching an Officer of the Department to relieve him. The Officer so nominated to act will receive an Allowance as in p. 2, during the period of employment which, together with the cause of Absence of the permanent incumbent, and the necessity of employing one to officiate, must be certified to the satisfaction of Government by the Commissary General.

4. Sub Assistants Commissary General in actual charge of General Military Bazaars within the Company's Territories, or when placed in a separate charge in the Field or at a Field Station, or in charge of the Public Cattle Department at Hoonsoor, are entitled to Rupees 175 per mensem, which together with their Salary as Sub Assistant will amount to the Salary of Deputy Assistant Commissary General. The first Abstract for the Superior Allowance, to be supported by a Certificate, from the Commissary General, of the date on which Charge was assumed.

5. The Commissariat Officer in charge of the Remount Department at Oosoor, draws in addition to the Salary of his Grade Rs. 175 per mensem.

COMPENSATION.—Vide p. 2 "*Absence*,"—and p. 9 "*General Rules*."—Also Section 10th,

CONSOLIDATED SALARIES.—1. The Consolidated Salaries of Military Officers employed in the Civil or Political Departments are considered generally to include Pay and Regimental Allowances of every description (vide p. 1 "*Civil and Political*") whereas those of Staff Officers in the Military Department, excepting the Medical, are considered to include Full Regimental Allowances only, and consequently "*Subsistence or Pay Proper*" is drawn in addition (vide *Table* annexed to this Section.)

N. B.—The Consolidated Salaries of Members of the Medical Board and Superintending Surgeons include Pay and Ordinary Regimental Allowances.

2. When Officers holding Staff Civil or Political Appointments, whose Salaries are Consolidated, become liable to forfeit a moiety of Salary, the following mode of calculation will be observed. From their aggregate personal receipts deduct a sum equal to the Consolidated Pay and Regimental Allowances, *Full or Ordinary* as specified in the *Table* annexed, of their rank, then halve the remainder which will give the moiety to be forfeited. Thus—A Regimental Lieutenant Colonel of Infantry holding a Political appointment, and in receipt of a consolidated Salary Rupees 2,500 per mensem, including Pay and Full Regimental Allowances,—there is deducted therefrom Rupees 1,002 : 4 : a sum equal to the Consolidated Pay and Full Regimental Allowances of Lieutenant Colonel of Infantry exclusive of Horse Allowance, leaving a balance of Rupees 1,497 : 12 : which being halved, Rupees 748 : 14 : is the moiety to be forfeited, and Rupees

1,751 : 2 : the sum he would be entitled to draw. Vide "*Absence*" p. 5.

If in the Consolidated Salary as above Pay and Ordinary Regimental Allowances were included, the amount to be forfeited, would be Rupees 851 : 1 : and the sum to be drawn, Rupees 1,648 : 15.

N. B.—The consolidated Salary of a Superintending Surgeon beyond the Frontier, being composed of Staff Salary and Pay and Ordinary Regimental Allowances of Major of Infantry, and they being entitled to the Pay and Full Regimental Allowances of Major during Absence on Medical certificate or Private affairs : the moiety of Salary to be drawn by them in addition, is ascertained by deducting from the Consolidated Salary (not including the difference between Major's Half and Full Batta) the Pay and Full Regimental Allowances less Horse Allowance of Major, then halving the product—thus—R. 3. When the Pay and Staff Salary of Warrant officers are Consolidated a sum equal to the Furlough rate of Pay (vide "*Warrant Officers*" Section 1st) is to be deducted therefrom, and a moiety of the remainder considered the portion to be forfeited consequent on Absence.

CONTINGENT CHARGES.—Vide *this head* Section 10th.

ral's Departments, and Members of the Medical Board—when within the limits of this Presidency (vide p. 3), are entitled to Staff Salary from date of appointment, but to Office Allowances from date of assuming charge; should they not enter upon their duties, or join, within the regulated period according to distance, (calculating from the date on which the order may have been received at their Station) Salary will be forfeited in proportion as the number of days has exceeded that period. The indulgence of one month additional for preparation does not extend to Salary; nor is moiety of Salary claimable in absence except by those who had previously taken charge of their Departments. Acting Officers, when proceeding to join, draw on the above principle Full Salary or a moiety thereof as may be available.

Vide "*Transfer*"—and "*Relief*" Section 9th.

2. Officers nominated to the Staff, whose Appointments are of a Local nature, such as Division, District, Garrison, Cantonment, or Regimental, Staff; are entitled to Staff Salary and Allowances from the date of assuming charge: but when nominated to Commands or Staff situations with Troops assembling for Field or Foreign Service, their Extra Allowances shall commence from the date on which they may vacate or make over their former Commands, Staff appointments or Regimental duty.—On completion of the Service, the continuance of such allowances will be restricted to the period of travelling, but in no case to exceed that according to distance of the Station at which they may be ordered to join.

3. Officers nominated to situations who from employment elsewhere or other causes, cannot immediately enter on their functions (with the exceptions in p. 1,—and also in p. 1 "*Superintending Surgeons*" Section 17th) are not to receive the Salaries annexed thereto, which with the Allowances will be given to

STAFF.

those who act temporarily in such situations during the Absence of nominees.

4. When during the Absence on Duty *unconnected* with their Departments, or on Medical certificate, or Private affairs, of Staff Officers, others may be appointed to officiate for them, Officers so nominated and confirmed by the requisite Authorities will be entitled to the Full—or to a portion of Salary, and all Office Allowances appertaining to the Appointment, whether for Office Rent—Horses—Candles—Stationery—Writers—or any other Establishment, according as the Absentee may forfeit. Vide "*Absence*" and p. 6, "*General Rules*."

5. Officers officiating under the confirmation of Government in Staff situations on Full vacancies, or to which no others are permanently appointed, or to which others are appointed but not joined, or from which the permanent incumbent may be absent under circumstances not entitling him to any portion of the Salary; are entitled to Full Salary and Allowances;—such situations being considered *pro tempore* Full vacancies.

6. A Commissioned Staff Officer temporarily *withdrawn* from his permanent appointment, to officiate in another, shall in no case receive personal Staff Allowances exceeding the Full personal Salary of the superior appointment.

a. Consequently if withdrawn to officiate in a situation of superior or equal emolument on a Full vacancy, i. e. where the Full Salary becomes available, he shall receive the Salary of the officiating Appointment only; but if officiating in a temporary vacancy, i. e. when a portion of the Salary becomes available, he shall receive in addition to such portion, a part, not exceeding a moiety of the Salary of his permanent situation,—the aggregate of both being limited to a sum not exceeding the Full Salary of the officiating appointment.

STAFF.

b. If withdrawn to officiate in a situation of inferior emolument on a Full vacancy, he shall receive the Full Salary of the acting appointment, and a portion not exceeding a moiety of the Salary of the permanent one,—provided the aggregate of both exceed not the Salary of his permanent situation,—but should the addition of the moiety cause the aggregate to exceed such Full Salary, he shall only receive as much of the latter as will make the aggregate of both equal to the Full Salary of the superior appointment.

c. If withdrawn for Field Service, and no other be appointed to officiate for him, and that he hold a Staff situation or command in the Field of inferior emolument, he will be entitled to the full Salary or command Allowance thereof, and so much of the Salary of his permanent appointment, as will make the aggregate of both equal to the Full Salary of the latter.

d. In either case the full or forfeited portion of Salary of the permanent appointment, as above, will accrue to the Officiating Officer,—or, if no one be appointed, it will be a saving to the State.

7. Staff Officers *officiating* in other than their permanent appointments, and performing the duties of both, are entitled in addition to the Full Salary of their permanent situations to the Full or forfeited Allowances of the officiating appointments according as they may be full or temporary vacancies; but in no case shall a Staff Officer *although performing the duties of two situations in the same Department*, be entitled to more than he would receive if permanently appointed to the superior situation. The remaining portion if any of Salary—to be a saving to the State.

N. B.—This rule is applicable to Officers officiating in two or more Staff situations.

9. Staff Officers under arrest for trial by Court-martial, cease to draw Staff Salary until the result of the trial be published, when if fully acquitted but not otherwise, they will be entitled to the undrawn moiety, and to compensation for that drawn by the Officers officiating; when not fully acquitted, the Full Salary is forfeited and the officiating Officers draw in Arrear, the other moiety which hitherto remained undrawn.

10. When a Senior Officer of a Department shall proceed on leave of Absence on Private affairs, Medical certificate, or on Duty not entitling him to Full Salary, (vide p. 2 “*Absence*”) a Junior in the same Department if nominated to act in the superior Grade is entitled to the moiety of Salary forfeited by the Absentee, and to a moiety of his own Salary—the other moiety of which shall be drawn by any Officer appointed *pro tempore* to act in the Junior situation: but when no other is appointed to act, the junior will be entitled to the forfeited moiety of the Absentee's Salary with a portion of his own,—regulated on the principle in p. 7, and the remainder becomes a saving to the State. Vide p. 7.

11. When a Staff Officer of a Department is absent on duty therewith connected, or under the provisions of p. 12 “*Absence*,” and consequently entitled to Full Salary, the next senior shall perform the Duty without extra remuneration.
